## 3 easy steps to your new cabinetry:

### STEP 1 Measure your space.

Accurate measurements are an important tool in ensuring a successful outcome. Watch our measuring video and download our worksheet, including graph paper.

### STEP 2 Design your space.

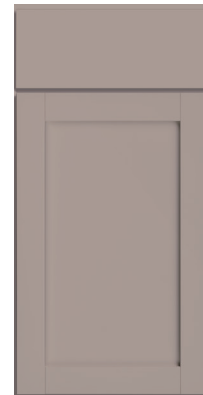

Visit the in-store Design Station to get started with Ū CREATE, a FREE easy-to-use cabinetry planner. Cabinetry can also be ordered online using Ū CREATE. Just visit [menards.com](http://menards.com) and keyword search 'u create'.

### STEP 3 Pick up your Concepts Cabinetry.

After you've designed your kitchen and bath, Concepts Cabinetry's in-stock styles can be picked up right away at your local Menards store. Special-order cabinets will be shipped to the store.

### Ordering Tips & Hints:

- Full overlay doors, Lanston and Arbon, require a Wall Filler when installed next to a wall or utility cabinet to ensure proper operation of the doors.
- Utility Cabinets do not come with shelves or trays, so be sure to order Utility Shelves, Base Tray Kits, and Pantry Tray Kits separately.
- Add a Base Tray Kit to base cabinets for improved functionality of a roll out tray.
- In addition to its main purpose, a Sink Base cabinet can also be used for a cooktop.
- Protect your cabinets from high temperatures by placing a Heat Shield between the oven and adjacent cabinets.
- Matching Toekick provides the finishing touch and hides shims used in the installation of your cabinets.
- Remember to order a Touch Up Kit to hide any nail holes, nicks or scratches caused during installation.
